# BATHTUBS & WHIRLPOOLS

All Ideal Standard bathtubs are manufactured from the sanitary grade cast acrylic sheets manufactured to the strictest quality measurements by "EIAP" and conform accordingly to European Standard EN198, NF, and TÜV.

Ideal Standard has been recognized as the pioneer in the acrylic industry in Egypt. Consequently, we export to more than 45 countries worldwide.

We offer a wide variety of designs and shapes of bathtubs all available as whirlpools with or without side panels. Our whirlpool systems and component are all CE & TÜV approved, supplied by European suppliers, Whirlpools are manufactured and tested to the highest safety requirements and available in different features and options to suit the luxury of our customers.

جميع بانيوهات ايديال ستاندرد مصنعة من أجود خامات الأكريليك ومطابقة للمواصفات الأوروبية . NF, EN 198 و TUV تعتبر ايديال ستاندرد الشركة الرائدة في صناعة الأكريليك في مصر ونتيجة للتميز والجودة العالية فإننا نقوم بالتصدير إلي ما يزيد عن ٤٥ دولة حول العالم. تتوافر معظم البانيوهات كمساج وأيضا بالجانب أويديون. كما أن أنظمة المساج المستخدمة معتمدة طبقا للمواصفات الاوروبية . CE و TUV ومختبرة بعناية لمراعاة كافة شروط الأمان لتحقيق الراحة والرفاهية لعملائنا .

## مميزات بانيوهات مساج ايديال ستاندرد

- تعمل على تنشيط الدورة الدموية وخاصة للذين يتطلب عملهم الجلوس الطويل خلف المكاتب. - تعمل على تخفيف وتهوين الألم الناتج عن التمارين الرياضية العنيفة والمفرطة. - تساعد الجسم على تخليصه من الفضلات بسرعة حيث تعمل على تفتيح المسام العرقية. - تعمل على تنشيط الجهاز التنفسي وتفتيح الممرات التنفسية ( القصبة و الشعب الهوائية ) - تعمل على تحفيز الجلد وإذابة نسبة دهون لا بأس بها. - وجود الماء المخلوط بين الماء البارد والساخن وحدوث الدوامات بواسطة الماء منعشة للتنفس.

## About Acrylic

Ideal Standard-Egypt acrylic products feature a pleasing range of shapes and sizes with a wide selection of colors to match all Ideal Standard Ceramics products. Made from special, sanitary ware-grade, acrylic sheet, whirlpools, tubs, and shower trays are vacuum-formed, then reinforced with hand-sprayed, fiberglass resin backing for strength, durability, and maximum heat retention when bathing.

For added durability, all of our whirlpools and bathtubs include wooden base support that is encased in the fiberglass backing to prevent the wood from warping over time and causing weakness in the tub after installation.

One of the hardest thermoplastics created by man, our acrylic allows for the full realization of design potential, while yielding a tough, sturdy product that is easy to install and maintain.

Because of these features and because of the high-gloss, abrasion and chip resistant surface, acrylic bathing vessels are rapidly replacing outdated steel and cast iron alternatives around the world.

Ideal Standard acrylic not only features sophisticated designs, a variety of sizes, and a complete color offering, but are also easy to maintain in prime condition. Just follow the instructions described below.

To clean, simply apply a mild liquid detergent or non-abrasive cleaner with a soft damp cloth, rub gently, rinse, and wipe dry. To maintain the smooth and lustrous surface, or to remove marks, scratches, stains, or even burns, simply buff the area with a non-abrasive car or metal polish. If necessary, remove any ridges with an ultra-fine sandpaper.

Caution: Do not use abrasive cleaners or heavy duty scouring pads, nail polish remover (acetone), petroleum distillate solvents, or other caustic substances which can cause permanent damage.

## نبذة عن الأكريليك

منتجات الأكريليك من ايدىال ستاندر مصر تعطي مجالاً واسعاً من حيث الأشكال والأحجام مع اختيارات عديدة من الألوان التي تتناسب مع منتجات الصينى وألوانه المتميزة، بالإضافة إلي ذلك نحن نقوم بتصنيع أفضل أنواع الأكريليك بمصانعنا في صورة ألواح ونصنع منها البانيوهات العادية والمساج وحمامات القدم، فنقوم بتشكيلها بطريقة تفريغ الهواء ثم نقوم برشها بالفايبرجلاس الممزوج بمادة الريزن والخشب مما يزيد من درجة صلابتها وتحملها لدرجة الحرارة أثناء الاستحمام.

منتجاتنا من الأكريليك بيريقتها الجذاب وكونها من أقوى المواد اللدنة يجعلها تجمع بين صفة المرونة عند تشكيلها والصلابة لسطحها مما يسهل عملية التركيب والاستخدام.

وجود كل هذه الصفات المتميزة في بانيوهات الأكريليك، جعلها أكثر تداولاً في كل أنحاء العالم لتحتج نظيرها المصنع من الزهر والصلب.

## العناية بالمنتج

للعناية والمحافظة على المنتج حرصنا على أن نوفر لكم الأشكال والألوان والتصميمات المتعددة لمنتجات الأكريليك، كما حرصنا على توفير الإرشادات اللازمة لكيفية التعامل مع منتجاتنا وكيفية المحافظة عليها وذلك بإتباع الإرشادات الآتية: في حالة التنظيف، يجب استخدام قطعة قماش مبللة بسائل تنظيف مجفف يمسح به سطح البانيو ثم يتم شطفه وتجفيفه. للمحافظة على لمعان وبريق البانيو ولإزالة البقع أو حتى الحروق يتم تلميع البانيو بمادة طلاء غير مركزة أو حادة وإذا لزم الأمر تزال أي خدوش بقطعة صنفرة ناعمة جداً. تحذير: يحذر استخدام أي منظفات مركزة أو حادة بما في ذلك أي من مستخلصات البترول أو الأستون وذلك لتأثيرها السيء على المنتج، كما يرجى عدم وضع رمل (كبس رمل) أسفل البانيو عند التركيب بدون جانب.

# BATHTUBS & SHOWER TRAYS

THE ADVANTAGES OF IDEAL STANDARD  
ACRYLIC BATHTUBS AND SHOWER TRAYS

## Pleasing finished surface

One has only to touch the surface of an Ideal Standard bathtub or a shower base to realise its quality. Made of a high quality acrylic material, they have a remarkably smooth and glossy surface. Despite the fine finish, they maintain their slip resistance.

## The following should also be considered as basic characteristics:

1. Bad electricity conductor.
2. Does not have big loss of heat.
3. Ability to create many designs (models).

6. Repaired easily due to the uniformity of the material.
7. Matches with Ceramics colors.
8. Anti-slip Feature.
9. Flexible and safe.

## Proven resistance

More than 2 million acrylic bathtubs have been installed in residential and hotels. Their daily use has proven their resistance against time. This together with the vast experience and extensive research of IDEAL STANDARD, ensures absolute satisfaction.

## Range of colors

The bathtubs and shower bases by IDEAL STANDARD are available in a wide range of beautiful colors that perfectly match the rest of the items made of IDEAL STANDARD Ceramics.

## Easy installation

Thanks to their lightweight and their special design, a single individual can carry and install the IDEAL STANDARD bathtubs and shower bases quickly and easily.

## Easy cleaning

The IDEAL STANDARD bathtubs and shower bases can easily be kept clean and shiny as the smooth surface of their acrylic material resists at lime scale and prevents water stains. Wipe the surface immediately after use with a soft cloth and clean water or a liquid detergent.

## Simple maintenance

If the bathtubs and shower bases are not regularly cleaned, after some considerable period of time they may lose their high gloss, which can, however, be restored with a liquid polish. By using the same polish you can eliminate any accidental scratches, which may be barely noticeable as the acrylic material is colored throughout its thickness. You will certainly enjoy all the unique advantages of IDEAL STANDARD's acrylic products for many years to come. Advice on all aspects of the products is available from IDEAL STANDARD upon request.

# WHIRLPOOL

## WHIRLPOOL CLEANING INSTRUCTIONS.

### IMPORTANT:

PLEASE READ IT THOROUGHLY BEFORE USE.

The design of your IDEAL STANDARD whirlpool bathtub prevents water from remaining in the plumbing pipes when the bathtub is emptied. This will occur as long as the pump is mounted at the correct height in accordance to the specifications illustrated in the installation instructions.

However as it may happen with all good quality whirlpool bathtubs, a few drops of water may remain in the various whirlpool components together with some organic materials, such as soap and skin tissue, as they can be deposited on the inside surface of any bathtub.

It is common to clean the inside of the bathtub after each use, however, the plumbing pipes also require cleaning.

If the plumbing pipes are not cleaned, biological deposits will build up on the inside surfaces which can eventually fall off as visible pieces. This biological growth can also give rise to unpleasant odours.

The only way to prevent this from happening is to clean the plumbing pipes regularly with a

chemical detergent.

Please note down that foam bath should not be used in a whirlpool tub as they interfere with the operation of the pump. Only essential oils should be used.

IDEAL STANDARD in conjunction with an eminent microbiological laboratories, has conducted prolonged cleaning trials on a number of test installations from which has been established that the following cleaning procedure, if followed carefully, will ensure that the plumbing pipes remain clean and free from build-up.

### **Cleaning procedure:**

1. Fill bath to the jet level with cold water.
2. Add ¼ cup of vinegar in the water, make sure to stir the mixture of water and vinegar well.
3. Close air inlet controls.
4. Run whirlpool pump for 5 minutes.
5. Switch off pump, drain the bathtub and refill it with clean water; allow bathtub to stand full of water for 20 minutes.
6. Close air controls.
7. Run whirlpool pump for 5 minutes and switch off pump then drain bathtub.
8. Allow bathtub to stand for 12 hours after cleaning before refilling or further use.
9. Repeat every 6 months.

### **خطوات تنظيف البانيو المساج:**

- ملء البانيو إلى مستوى فتحات الهواء بالماء البارد.
- إضافة ¼ كوب خل على الماء، تأكد من أن يحرك الخليط من الماء.
- إغلاق مدخل الهواء
- تشغيل المساج لمدة 5 دقائق.
- إيقاف المساج، وصرف المياه وإعادة ملء مع المياه التنظيفة. ترك الماء التنظيف في البانيو لمدة 20 دقيقة.
- إغلاق مضخات الهواء.
- تشغيل المساج لمدة 5 دقائق، ثم صرف المياه وتشغيل البانيو.
- عدم استخدام البانيو لمدة 12 ساعة بعد تنظيف قبل تعبئتها أو استخدامها مرة أخرى.
- كرر كل 6 أشهر.

# RELAX PLUS

Our Relax Plus™ bathing tub has double the bathing area of most rectangular tubs. Our unique design incorporates modern aesthetics as well as an extra large bathing well for the ultimate in luxurious bathing. Yet, this corner tub will fit conveniently in most any installation due to the standard 150 x 150cm outside dimension.

A good size corner tub, beautiful to look at as well as very practical, has been design with a comfortable seat to enjoy your bath, its versatility offers stylish solution for your bathroom.

# N

## NIAGRA PLUS

Our Niagra Plus™ is the ultimate luxurious design for a bathing tub, when fitted with one of our whirlpool systems, the added jet on the tub's corner entertains you with exotic water fall.

## CREDO

Ideal Standard provides a variety of tub sizes to meet most installation needs. Our Credo™ corner bathing tub features a design-integrated seat with extra depth as well as a generous bathing area, but will fit neatly into a 130, 135, 140 cm corner area.

# CONNECT

With their modern, streamlined look, CONNECT™ bathtub blends harmoniously with the rest of the range. A choice of sizes and shapes, as well as a lower step-in height for easier access, bring heightened comfort and personalized bathing pleasure.

## W WASHPOINT

Simplicity in design is the contemporary shape that will transform your space into a functional retreat.

Washpoint is available in 170 X 75 cm

B

## BAHAMA

Perfect & practical design is combined with high quality materials to create a true experience. Modern plain lines in combination to the wide choice of shape and dimension, will be the best solution for different bathroom areas.

## KIMERA 180

Acrylic is a durable but versatile material, the forming of which can achieve more dramatic styling effects than metal alternatives. Our Kimera™ bathing tub features modern styling and includes a design-integrated head rest for extra comfort.

## FLORIDA

The ultimate in value. Our Florida™ bathing tub offers an extra measure of roominess in the width and includes a beveled, inside backedge that acts as a convenient head rest.

## SEMIRAMIS WITHOUT SEAT

Bathing tub Semiramis™ is based on simple geometric shape and cleanly detailed to create strikingly modern yet classic design.

# SEMIRAMIS WITH SEAT

Designed for extra small bath areas, the semiramis™ is available in two sizes. In both the larger and smaller sizes we offer the option of our integrated seat for easier personal bathing and convenient child bathing.

## GETTING STARTED

---

At Ideal Standard, we understand what it takes to make the perfect bathroom environment and strive hard to make sure we achieve that for our customers with every product in our portfolio.

When you want a stylish showering environment, you need to look no further than our fantastic range of enclosures, or bathscreens which can cater for your needs whatever the size of your bathroom, shower room or ensuite.

Our products are made from the highest quality materials, with added design features and installation benefits to make sure that once you have chosen your

product, it is easy to install and reliable in its use. So how do you choose which product is right for you? The type of product you choose for your bathroom, ensuite or shower room should be tailored to your everyday needs. Here are a few thoughts and ideas as to which is right for you.

---

### Who will use the product?

This needs to be considered as the type of product you choose may be different depending on the size and makeup of your family. If you have children, you may prefer to have a more robust shower enclosure with a frame, or a semi framed design.

If you are a design conscious individual where style and minimalism rules then a wetroom can give you an open, uncluttered showering area that gives you freedom and style. Whether you choose full or partial with a tray you'll love the extra space and light.

### Where will the product be installed?

Are you considering adding a showering product as part of your main bathroom, or ensuite bathroom? Have you got room for a separate shower?

If the answer is yes then our recommendation would be to choose a shower enclosure as these provide a practical and stylish solution to showering. Within our ranges we have a number of sizes and door types to suit your needs.

If you're lucky enough to have the space to convert your attic, put in an additional shower room downstairs or add an ensuite and are looking for something smaller, then look out for our space saving pentagons and quadrant enclosures which are perfect in corners doors where space is at a premium.

# A SHOWER TO SUIT YOUR EVERY NEED

With a choice of shapes, sizes and door styles there's an Ideal Standard enclosure to fit your lifestyle. From sliding doors to pivots, quadrants to pentagons, alcoves, there's something for everyone. Use the guide below to firstly choose the installation type you need and then the shape and door opening style.

## Corner Installations - for the corner of the room

Sliding door opening

### Sliding door with side panel

Sliding doors glide smoothly out of the way offering maximum access where there is limited space to open a door.

Sliding doors are great for larger spaces to create luxurious showering areas.

### Corner entry

If you have limited space on either side of your shower cubicle, corner entry enclosures offer an effective solution.

Sliding or hinged doors open in the centre allowing easy access to a roomy showering area.

### Infold door with side panel

When you don't have room to open your door outwards, an infold door is the model for you. An excellent space saving device it offers wide access even in awkward spaces.

## Alcove Installations - for between two walls

### Sliding door

Sliding doors are a practical solution for alcoves, especially larger spaces, the smooth running wheels glide the door easily out of the way for easy access.

### Infold

The infold door is a great option for bathrooms with limited room for a shower. It folds inwards to save space and the bifold also opens outwards.

# Available in a complete range of features you need

With a choice of shapes, sizes and door styles there's an Ideal Standard enclosure to fit your lifestyle. From sliding doors to pivots, quadrants to pentagons, alcoves, there's something for everyone. Use the guide below to firstly choose the installation type you need and then the shape and door opening style.

---

## Choose from the highest standard of materials

---

**Choose the color you desire**  
We offer 3 choices of colors of frames (White - Biege - Chrome)

**Choose your glass or polystyrene**  
All Ideal Standard shower enclosures are manufactured from toughened safety glass or polystyrene with thickness 4 mm

**Designer handles**  
Designed to last with a sleek, ergonomic finish and solid construction, handles look as good as they feel whilst withstanding the test of time. Careful consideration has been given to each design to ensure that not only is it comfortable to use with that door, but that it also shows off the enclosure.

**Peace of mind**  
As you would expect from Ideal Standard, all shower enclosures and bath screens exceed all safety, functionality and performance tests within current European Standards. All enclosures are backed up by Ideal Standard's lifetime guarantee for added peace of mind.

## FEATURES

Expert engineering means our collections are full of clever features which make them not just a pleasure to use every day but easy to install, clean and maintain.

As each range is individual, check each door for applicable features.

**4 mm**

### Glass or Polystyrene thickness

Toughened safety glass or polystyrene.

### Smooth running wheels

Quality wheels mean doors glide along effortlessly and silently.

### Concealed Fixings

The cover profiles click easily into place during installation and combine with top caps to ensure that all fixings are concealed.

### Power shower proof

The enclosures have been tested to ensure that they are power shower proof, so even with the most invigorating of showers the seals remain water tight.

### Guarantee

All Ideal Standard Shower enclosures are backed by our comprehensive guarantee.

### Idealclean

For glass that's easier to clean and stays cleaner for longer, reducing cleaning time by up to 90%.

# SLIDING DOORS

Sliding door with side panel

Sliding doors glide smoothly out of the way offering maximum access where there is limited space to open a door.

Sliding doors are great for larger spaces to create luxurious showering areas.

# SLIDING ACCESSORIES

Twin smooth running wheels  
for sliding doors

Pair of Handgrips

**Accessories** are made of a big range of materials so as to follow the needs of modern design and usability.

# FOLDING DOORS

Infold door with side panel

When you don't have room to open your door outwards, an infold door is the model for you. An excellent space saving device it offers wide access even in awkward spaces.

# FOLDING **ACCESSORIES**

Wheels for Folding doors

# SHOWER ENCLOSURES

A range of sleek, modern, minimalistic shower enclosures offering affordable quality showering with no compromise on functionality or style. Designed to look and feel sensational, shower enclosures combine hardwearing practicality with flexible, durable construction and easy manageability for everyday showering pleasure. Shower enclosures can be combined with several kinds of shower trays-corner, square and rectangular-in a lot of dimensions.
